Specifications

Materials	Size	End Type	Slider & Puller
Nylon Coil	#5 or #7	<ul style="list-style-type: none"> • “O” Shape Two Way Closed End, Two Sliders • Closed End, One Slider 	<ul style="list-style-type: none"> • Red Accented String Puller • Auto Lock • 1 grip or 2 grips

O-shaped Two Way Closed End is where the two sliders are arranged in head to head position meet together to close the zipper.

The opposite ends are joined with A box, thus the tape cannot be separated

O Shape 2-way Closed End

Molded plastic zippers may not be the best option for tent door flaps that have a curved shape due to their lack of flexibility. It is recommended to use Nylon Coil Zipper for smooth operations of the sliders.

Specifications - 1

Materials	Size	End Type	Slider & Puller
Nylon Coil	#5 or #7	<ul style="list-style-type: none"> Two Way Separator (Open End) <ul style="list-style-type: none"> for modular tent designs 	<ul style="list-style-type: none"> 2 Auto Lock Sliders 2-grip

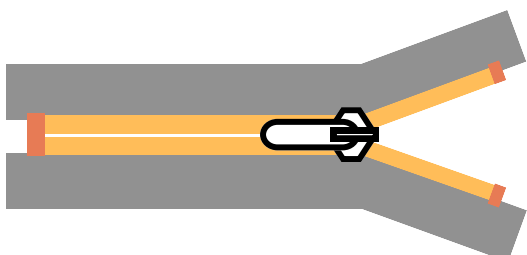

Two Way Separator (Open End)

Two Way Separator is where the two sliders meet away from each other to close the zipper.

The zipper tapes are separated by moving the two sliders to the bottom. This type of slider is good for modular tent design where users can separate different sections of the tent

Specifications - 2

Materials	Size	End Type	Slider & Puller
Nylon Coil or Molded Plastic	#7 or #10	<ul style="list-style-type: none"> Closed End 	<ul style="list-style-type: none"> Auto Lock Sliders 2-grip

Featured Specialty Items

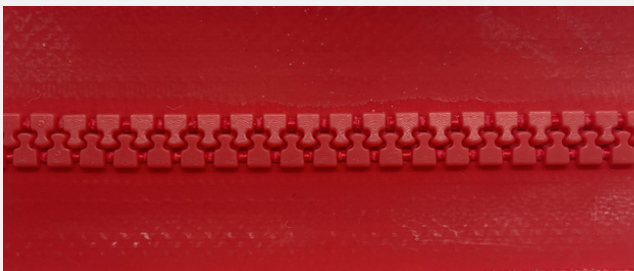

2-grip Autolock Sliders

The dual-grip autolock slider keeps the closed zipper safely secured against winds and other outside forces but allows smooth opening access from both tent directions.

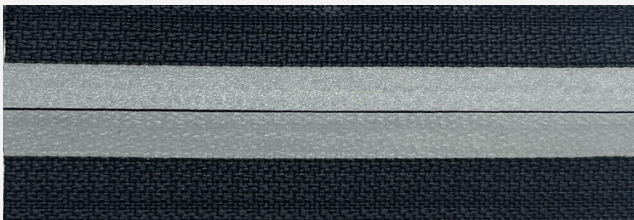

Available in Plastic and Metal.

Customised
Puller

Molded Plastic Zipper with Applied Water Repellent Tape

This tape features a polyurethane laminated tape on the zipper tape, ensuring superior water resistance.

Nylon Coil with Applied Reflective Tape

Outfitted with reflective tape light up when hit with a flash or headlamp, making your tent easy to spot at night.

Fire Retardant Treatment
